

The Digital Transformation Journey With IAM Advisory & Assessment

WHY SIMEO FOR IAM ADVISORY & ASSESSMENT

FOCUSED IAM PRACTICE

As an identity management service provider, we are focused on IAM and solid **understanding of the challenges** around IAM implementations.

COST EFFICIENT & FLEXIBLE

Cost efficient in-depth assessment with **4 weeks or 8 weeks assessment options**.

INDUSTRY & TECHNOLOGY EXPERTISE

Diverse industry and technology understanding. Depth of knowledge of IAM journey in different tech environments including **legacy environment** transformation.

WORKSHOPS

Workshops to help understand existing environment, people, process and technology that are key components of IAM journey.

INDUSTRY LEADING CERTIFICATIONS

Simeio is an end-to-end Identity and Access Management (IAM) solution provider engaging securely with any environment, and technology with an unparalleled “service first” philosophy. Our assessment and advisory services include a complete initial needs assessment and strategy development to solution design and implementation. Managing over 160 MN identities, Simeio has a proven approach that ensures information and system security, user ease, and cost efficiency.

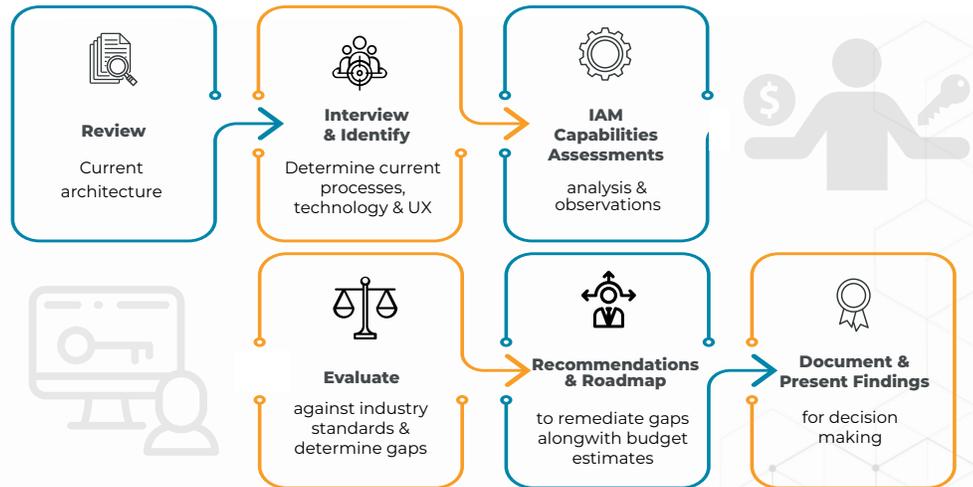

Our IAM Advisory practice aims to deliver a roadmap for the client with tactical and strategic steps to ensure

Improved visibility of current IAM Program | Risk Reduction | Optimization of tool investments

WHY IAM ADVISORY & ASSESSMENT?

1. Aligning IAM with business goals while enhancing the security posture of the organization
2. Reveal gaps in implementation plans before they become a bigger problem.
3. Identify project prioritization: Key component to ensure the best utilization of resources, cost, time and to achieve maximum ROI

SIMEIO IAM ASSESSMENT APPROACH

DELIVERABLES

- » Summary of Key Findings & Implications
- » Technology Transformation Mapping
- » Future State High Level Architecture
- » Prioritized Initiative List
- » Executive Presentation
- » Current State IAM Maturity Rating
- » IAM 2-3 year Roadmap (tied to initiatives)
- » Budget Estimates aligned to Roadmap

CLIENT BENEFITS

- » **Well defined IAM strategy & road-map** to leverage ROI and evaluate existing tools & technology outcomes.
- » **Cost saving** - No additional resources or investment needed for IAM advisory for the enterprise.
- » **No need to take resource away** - from existing business operations.
- » **Neutral and holistic** - industry & technology perspective.
